

# TWERTON INFANT SCHOOL & NURSERY

## Home Learning during isolation period 28<sup>th</sup> June to 6<sup>th</sup> July 2021

Dear Parents/Carers,

While Elm Class is closed and we are isolating at home, I will be sending out a **daily phonics video** link from the Letters and Sounds programme. These YouTube videos will help consolidate what your child has recently been learning in class. I will also be sending out a **daily Maths video** link from White Rose Maths, the maths scheme that we have recently started using in Reception. I hope that your child (and you) will find these useful. In addition I have listed some daily maths and literacy activities.

### Daily Maths

Using the resources provided in previous home learning packs please practice:

- Counting accurately from 1-20
- Using the flashcards order numbers 0-10 the 11-20
- Choose a flash card from the pack and ask your child to say the number that is one more or one less than the number on the card
- Use quantities and objects to add and subtract two single-digit numbers.

### Daily Literacy

- Daily reading – your child's current school book or access the on-line books provided during the last lockdown. There are also word lists in your child's Reading Record book to practice reading and writing.
- Practice reading and writing the tricky words – see attached Tricky Words list
- Thinking up and write sentences which include the Tricky Words. Focus on letter formation and re-reading the sentence to ensure it makes sense.

Take care,

Mrs Kath Patterson
